

urine drug test results

Patient Information

Patient Name	DOB	Patient id
JANE DOE	5/15/1985	DOE-J-1985

Specimen Information

Specimen Type:	Urine
Specimen ID:	2
Collection Date:	10/4/2025
Collected By:	JD
Test Completed Date:	10/07/2025

note: this sample contains a positive result

interpretation of results

Negative : The absence of the drug/drug metabolite in the sample at or above the cut-off concentration of the assay.

Positive : The presence of drug/drug metabolite in the sample at or above the cut-off concentration of the assay.

Note : The results of this test are to be used for clinical purposes only. This is a presumptive test. It is recommended that a more specific confirmatory test be used to confirm a positive result.
